

Individual Income Tax Return Data for TY 2003

The accompanying information is taken from 2003 Illinois Income Tax returns that were due on April 15, 2004. The information is presented by the ZIP Code that the taxpayer reported on the return. Each ZIP code has been divided into homeowners (filers who claimed a property tax credit [**W/PTC**]) and non-homeowners [filers who did not claim a property tax credit [**W/O PTC**]]. Reported are: Total Number of Returns, Total Income (Line 4 on IL-1040), Income Tax (Line 15 on IL-1040), Property Tax (Line 20a on IL-1040), Property Tax Credit (Line 20b on IL-1040), Education Expense Credit (Line 21b on IL-1040), and IL Earned Income Credit (Line 22b on IL-1040).

To protect the confidentiality of taxpayers, ZIP Codes with fewer than 50 returns have been excluded.
